

Manager and Supervisor 6 Day OHS Training Course

Managers and Supervisors (1 Day) OHS Intensive Update

WorkSafe Victoria recommends managers and supervisors who have attended the 5 day OHS course for elected OHS reps, attend an additional 1 day intensive training course designed to update their knowledge.

The course will provide managers and supervisors with a basic understanding about their role and legal duties under the OHS Act 2004.

Contact us for details

Aims

The training course has been designed to supply basic information and skills required for managers and supervisors to identify hazards, implement control measures, consult with employees to resolve health and safety issues and to assist injured workers to successfully return to work. The course will also provide managers and supervisors with:

- ⇒ a basic understanding of the OHS Act 2004, OHS Regulations 2007, and part VI of the Accident Compensation Act 1985,
- ⇒ understand their role and legal duties,
- ⇒ understand the role and assistance other key workplace parties can provide,
- ⇒ knowledge of where and how to obtain assistance in dealing with hazards and dangerous situations,
- ⇒ an understanding of the role of occupational health and safety in the workplace in the prevention of incidents, injury and illness.
