

AUSTRALIAN TESTING SERVICES

Registered Training Organisation # 21642

MOBILE CRANE Slewing & non-slewing

Mobile Crane operation is often an important part of many industrial operations.

Requiring a great deal of judgment and skill it is important that crane operators receive adequate and comprehensive training.

At the completion of this course applicants will be able to safely inspect and use a Mobile Crane. Course is completed using a non-slew or full slew crane as required. National Worksafe High Risk Work Licence is issued on successful completion.
